

Assessment criteria	Possible mark	Your mark
Quality of content <ul style="list-style-type: none"> - Presents interesting, accurate, and complete set of information on the plant species. - Displays a good, well-rounded knowledge of the species. - Shows evidence of having read and understood relevant scientific literature. Must have gone beyond Wikipedia level. - Synthesised information from a wide range of sources (ie didn't just report what a paper/resource said, but integrated information and ideas from multiple data sources to provide a cohesive picture). - NO PLAGIARISM. Any plagiarism should be referred to Will or Angela. 	65	
Presentation <ul style="list-style-type: none"> - Clearly written. Main text written in full sentences with proper punctuation and no spelling errors. Species names correctly formatted. - Good use of figures/tables and links to online resources. - Includes references to the sources of information, following the reference format for the <i>Journal of Ecology</i> for scientific references. 	15	
Innovative content <ul style="list-style-type: none"> - Goes beyond summarising what others have written – does something new and creative. 	20
